

STOMACH ON FIRE

ONLY A SKELETON CROUCHING BY A STOVE.

Mrs. Doherty has an Extraordinary Experience and Undergoes a Marvelous Change.

Mrs. E. Doherty, of No. 115 Conates street, Moberly, Mo., is today a picture of robust health, and yet five years ago, she barely escaped death from progressive emaciation. To a reporter she told the following story:

"In 1896 I began to have distressing attacks of indigestion that continued for two years. My stomach was constantly sore and burned as if it was on fire. It became finally so delicate that it would not retain even plain water. My inability to take food reduced my weight to ninety-eight pounds, and faintness and dizziness kept me in bed most of the time. I was really starving to death and besides I was extremely nervous. The doctor was perplexed. He gave me tonics which did me no good, and prescribed exercise which I was too weak to attempt.

"One day when I was so faint and chilled that I could do nothing but crouch down on the floor by the fire, my father brought me a box of Dr. Williams' Pink Pills for Pale People. I found on trial that they would stay on my stomach unlike everything else. I really felt better after three doses and I kept on using them. Food began to taste well and to stay down. The pain and the burning in the pit of my stomach lessened and at last went away altogether. My weight began to increase until it reached 165 pounds and my neighbors, who were convinced that I was wasting to death before, were astonished at the change. I resumed my housework and have hardly had occasion to call a doctor since. I have recommended Dr. Williams' Pink Pills to several friends, and I say to the pale, thin ones particularly, If you want to get strong and well take Dr. Williams' Pink Pills for Pale People."

These pills cure stomach trouble by their tonic action, building up the digestive organs and enabling them to do the work that nature intended them to do. They are sold by all dealers, or will be sent postpaid on receipt of price, fifty cents a box or six boxes for two dollars and a half, by addressing Dr. Williams Medicine Co., Schenectady, N. Y. A diet book giving useful information will be sent free on request.

Condemn Army Step.

The congress of naturalists and physicians which recently met in Breslau strongly condemned the "goose-step" as practiced in the German and some other armies. Dr. Thalwitzer read a paper on the subject, in which he showed that the adoption of this ridiculous step accounts for numerous knee and foot complaints among the troops. Sixty per cent of the sores on the feet of the men are in consequence of persistent adherence to this antiquated step.

One surprising thing about wood alcohol is that it has not been so thoroughly adulterated as to be harmless.

No. Bright's disease isn't contagious or infectious, but high living is. It frequently amounts to the same thing ultimately.

Venders of wood alcohol as a beverage may insist, of course, that it is harmless, as it comes from the "grain" of the wood.

HAPPY WOMEN.

Mrs. Pare, wife of C. B. Pare, a prominent resident of Glasgow, Ky., says: "I was suffering from a complication of kidney troubles. Besides a bad back, I had a great deal of trouble with the secretions, which were exceedingly variable, sometimes excessive and at other times scanty. The color was high, and passages were accompanied with a scalding sensation. Doan's Kidney Pills soon regulated the kidney secretions, making their color normal, and banished the inflammation which caused the scalding sensation. I can rest well, my back is strong and sound, and I feel much better in every way."

Louisville is the largest glass bottle market in the country.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in ¾-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 ozs." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

Love is life's near-cut to Paradise.

Insist on Getting It.

Some grocers say they don't keep Defiance Starch. This is because they have a stock on hand of other brands containing only 12 oz. in a package, which they won't be able to sell first, because Defiance contains 16 oz. for the same money. Do you want 16 oz. instead of 12 oz. for same money? Then buy Defiance Starch. Requires no cooking.
